

DOMESTIC SELF-STORAGE AND FLEXIBLE BUSINESS SOLUTIONS

3 BiG STORAGE REASONS

De-cluttering your home? Moving House? Need business space & storage?

MOVING HOUSE?

For many home movers, storage becomes a necessity while between houses. Your local **BiG STORAGE** facility specialises in providing the low cost solution to this common situation. However there are two other domestic storage benefits:

- Selling quickly at the best price** - Ann Maurice, the House Doctor, says that de-cluttering your home is vital to improving its saleability. De-cluttering is a popular technique which is commonly used for making a property appear more spacious. By de-personalising your home, it becomes easier for potential purchasers to visualise the property as their own. A cluttered home will probably take longer to sell and not achieve the best price.

Most of us have excess furniture and bric-a-brac that clutters our spare bedrooms, garages, even lounges and kitchens. From as little as £5 per week you can store them in your own private, clean and secure storage room at **BiG STORAGE**.

- Buying at the best price?** - The biggest turmoil of most house moves is the 'same day' timing between the sale and the purchase. Many choose to simplify matters by selling their home first when the buyer requires it and moving their household effects into a self-storage room. As a buyer in the market you are then able to buy quickly and be in a position to negotiate the best deal on that dream home. A few weeks staying with a relative or in rented accommodation could save you £1000's.

DE-CLUTTER YOUR HOME?

Due to currently high property prices the cost of each square foot in our home is probably higher now relatively than it will be for the next 20 years. Despite this high cost we waste our very expensive space by cluttering our home with excessive or unwanted items. We are all guilty of losing a bedroom to boxes, losing a garage to spare furniture, cluttering our hall with an unwanted heirloom or storing teenagers things while they are at university. Moving home is unnecessary for many house movers who feel they have to spend tens of thousands of pounds on that bigger home when from just £5 per week you can gain your rooms back by renting a **BiG STORAGE** unit. There is also the benefit that you can call in any day free of charge to access your own private room in our modern, clean, dry and secure facility.

PER WEEK**

SPACE FOR YOUR BUSINESS?

Storage Units, Lock-ups and Workshop Space from £20 pw on easy and flexible terms

Do you need more space to run or grow your business, or do you want to cut costs and release expensive storage, retail, office or other space? Business space is one of the most important resources, but also the biggest fixed overhead for all companies and the cost to many businesses of not fully utilising space which they occupy is considerable. **BiG STORAGE** provides highly flexible, secure, low cost space options allowing you to reduce, increase or even vacate space as and when your business needs to.

Butchers, Bakers, Candlestick Makers, Accountants, Plumbers, Retailers, Hospitals, Councils and almost any business or organisation can benefit from **BiG STORAGE's** wide selection of Storage, Workspace and Office units.
